

## Accountability

At

Waikiki

Health

Center, we are accountable to those we serve and to our donors. In 2008, 87% of

Waikiki

Health

Center's revenue was used for services and programs benefiting our patients and clients. This percentage substantially surpasses guidelines established by leading charity watchdog groups.

Public support is critical for our mission to provide quality primary care and social services to all people on

Oahu, regardless of their ability to pay. Every effort is made to minimize overhead—so we can make the most of every dollar we receive.

Waikiki

Health

Center is a 501(c)(3) organization, and contributions are tax deductible as allowed by law.
