

Family Planning

Waikiki

Health

Center promotes reproductive health for everyone through our Family Planning services, which include patient services and community education.

Family Planning services include:

- Confidential STI (sexually transmitted infection) testing and treatment
- Anonymous HIV and Hepatitis C testing and treatment
- Screening exams of breast, pelvic, testicular and prostate
- Health education and counseling
- Prescription birth control
- Emergency contraception
- Pregnancy testing
- Referrals for prenatal care and birthing

Family Planning is available at these locations:

Waikiki – Ohua Avenue Clinic

North

Shore – Ho'ola Like Clinic

Waikiki – Youth Outreach (YO) Drop-in Center & Teen Clinic
